
2018 Watervale Riesling

Clare Valley

The Story

From a vineyard of Bay of Biscay soils with an easterly aspect high on a hill above Watervale. This wine was made to be an extension of the vineyard. Similarly, we produce a secondary single vineyard Riesling from Sevenhill. We treat both wines exactly the same in the winery – same yeasts, ferment temperature etc and really strip down the winemaking to its most natural form in the hope that we create two wines that really do taste like the vineyard they are grown from and the season they are made in.

The Wine

Can a Riesling get more floral than this? Absolutely bursting with blossom on the nose and trolley-loads of ripe fruit too, honeydew melon, lychee, pear and there's classic lemon and apple too. Dare we say, about as aromatic as a Riesling can get. And on the palate, it's not exactly shy and retiring either – such an absolute riot of fruit that it's impossible not to be swept away by a wine that offers such an enormous quantity of utterly hedonistic pleasure. But, despite all that opulence it's still so clean and refreshing, with beautiful poise and balance.
